COMPANY

ORDER PROVIDING CLARIFICATION

On June 6, 2001, the Commission issued an Order Granting Confidential Treatment (the "Order") in this proceeding outlining procedures for the handling of information considered by parties to this proceeding to be confidential. Staff has advised the Commission that certain parties have requested clarification of certain provisions of the Order that require all confidential information be filed with the Commission under seal and require the filing of redacted versions of such information. Specifically, parties require clarification that responses to interrogatories and data requests that parties consider to include confidential information are not required to be filed under seal with the Commission, and redacted versions of such information are not required to be filed.

The Order was intended to require parties to file under seal confidential information and redacted versions of such information only that information that is otherwise required to be filed with the Commission.

NOW THE COMMISSION, upon consideration of the foregoing is of the opinion that the June 6, 2001 Order entered in this matter should be amended to clarify our intent that only confidential information that is otherwise required to be filed with the Commission must be filed under seal and accompanied by redacted versions of such information.

Accordingly, IT IS ORDERED THAT Ordering Paragraph (1) of the Commission's June 6, 2001 Order in this matter is hereby amended to read as follows:

(1) Parties shall clearly mark and file under seal with the Commission all information otherwise required to be filed but considered by the party to be confidential information. Parties shall also file with the Commission a redacted version of all such documents containing confidential information.
